ETCHED IN STONE

Greater New Bedford Regional Vocational Technical High School

THE ARTISAN

The laborer works with his hands.

The craftsman works with his hands and mind,

but THE ARTISAN works with his hands, mind, and heart.

DEDICATION

"You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose." ~ Dr. Suess

Mrs. Lacasse and Mrs. Koczera – We thank you for your time and devotion to our class, for always going the extra mile. For guiding us down the path we thought we didn't need. For helping us mature into the young leaders we are today. Even when times were tough, you two were there to keep us going. We thank you for everything you have done and dedicate this yearbook to you.

Superintendent-Director

Linda Enos

I would like to congratulate each member of the class of 2015. I am proud of all you have accomplished here at Greater New Bedford Regional Vocational Technical High School. You have met countless challenges and worked hard to reach your goals.

As you leave ready to face tomorrow's workforce, remember the lessons you have learned and the connections you have made. The friendships you have formed will likely stay with you your entire life. Remember the success you have had and treasure your high school memories.

As an alumni of GNB Voc-Tech, you are part of a proud tradition. Use the skills you have learned here and continue to work hard to reach new and exciting goals.

Good luck as you enter the next chapter of your life.

Principals

Academic Programs

Roseanne Franco

As members of the Class of 2015 finishing this chapter of your lives, I congratulate you for all you have learned and accomplished as a student at Greater New Bedford Regional Vocational Technical High School. The hard work and dedication needed to complete your diploma have been complemented by the development of relationships that will be very important as you continue on your life's journey. I hope you will continue to invest in the people in your life and strive to create and maintain positive connections (Teamwork).

The experiences GNB Voc-Tech provided for you, along with all that you have learned from your family and community, will be an important foundation as you continue to make us proud on your path to a career and productive life (Responsibility). When you encounter challenges along the way be sure to think back to the many challenges you have already faced and overcome through your academic and vocational education. You have the skills and tools to make wise decisions to do the right thing and to consider the needs of others (Respect and Integrity). You have come a long way but your journey is just beginning (Progress).

As GNB Voc-Tech Alumni, we need you to employ the five Core Values we have instilled in you and to continue learning so you can change the world for the better one decision at a time.

Career and Technical Education

Congratulations to the graduates of the Class of 2015. Life is about choices and you made a fantastic choice four years ago when you decided to attend Greater New Bedford Regional Vocational Technical High School. Many of you left behind some of your friends to come to this school and you were overwhelmed with the vast campus and a student body of over two thousand. However, you persevered, made new friends and familiarized yourself with our school. You went through the exploratory process and made another good choice when you selected your career and technical area.

During your time here you worked extremely hard to excel at the rigorous academic criteria and assessments set forth for every student in the Commonwealth. Additionally, you acquired the skills demanded of you by the Massachusetts Career and Technical Curriculum Frameworks. Upon leaving here you will have the skill sets necessary to enter a college or university, as well as, be able to compete in the increasingly sophisticated workforce.

I wish you well and hope you continue to work hard and make great choices throughout your life.
